"An innovative model of SMART Farm adjacent to VET institution for students work-based learning towards better employability of graduates" (CB4WBL) project

ERASMUS+ Project 101129071

AGENDA

National capacity building training in STEPANAVAN

May 13-16, 2025

STEPANAVAN STATE AGRICULTURAL COLLEGE

Ministry of Education, Science, Culture and Sports of Armenia

Objectives of CB4WBL project:

CB4WBL project aims at strengthening the capacity of Armenian VET providers for delivering WBL through the development and implementation of an innovative model of SMART Farm adjacent to VET institution, allowing students to learn at workplace and develop relevant skills for better employability, as well as the skills supporting green transition.

Objectives of the National capacity building training on apprenticeship organisation within agricultural specialties to support the piloting of Work-based learning within three specialties at SMART Farm in Stepanavan, starting September 2025.
