"An innovative model of SMART Farm adjacent to VET institution for students work-based learning towards better employability of graduates" (CB4WBL) project

ERASMUS+ Project# 101129071

AGENDA

Capacity building training in Bourg-en-Bresse

October 8-11, 2024

Etablissement de formation agricole des Sardières
Bourg en Bresse, France

Ministry of Education,
Science, Culture and
Sports of Armenia

Objectives of CB4WBL project:

CB4WBL project aims at strengthening the capacity of Armenian VET providers for delivering WBL through the development and implementation of an innovative model of SMART Farm adjacent to VET institution allowing students to learn at workplace and development of relevant skills for better employability, as well as the skills supporting green transition.

Objectives of the capacity building training on organization of apprenticeship within agricultural specialties are:

- Observation of the French experience with Workplace-Based Learning (WBL) apprenticeship
- Analysis of the organizational structure and economic operations of agricultural processing.
- Examination of the functioning and structure of agricultural VET schools (Lycée Agricole) in France.
- Identification of the transferable elements and practices for implementation in Armenia.
